TRAILS

- 1 Queen Jane:** A flowy-fun introduction to berm riding. Some optional wood and jumps, great for kids and beginners. And if you don't want to ride the more difficult trails from the top you can pedal up to this beginner trail.
- 2 Dueling Banjo:** A mix of flow trail and singletrack with berms, rollers and small optional jumps. A great skill builder, and great for views.
- 3 Roller Girl:** A rolling ride through the forest on a wide mix of machine- and hand-built flow trail. Fun progression features, with plenty of ride-around options.
- 4 S-Line:** 55 berms plus wood features and endless flow lines. Ride it big and fast to find the doubles and lip-berm-step-downs, or slow down and enjoy the progression ... What's your line?
- 5 Bandolero:** Our advanced jump line with berm-lip-step-downs, table tops and huge dirt wall ride. Find the advanced features at higher speeds or hone your jumping skills. Get ready for some air time!
- 6 War Pig:** Fast and big with mandatory drops and jumps including back-to-back wood road gaps ... Bring out the big guns!
- 7 Spicy Brown:** Hand-built singletrack with some steep turns, logs and small drops. Rough and tumble fun in a classic Montana style.
- 8 Moto-Line:** Steep and fast singletrack, old-school mountain biking at its best.
- 9 Upper Bandolero:** The upper section of our jump line has bigger airs — with some bigger consequences. Steep berms, wood step-up, big tables and fun transitions. Fast, steep and flowy turns for those looking to step it up a notch.
